

SEED ULTRA DRY STORAGE CABINET

TPFC-128

TPFC-320

TPFC-420

TPFC-580

TPFC-700

TPFC-1380

TPFC-1480

Main Features

- Multifunctional display.
- The moisture absorption and dehumidification function.
- Power outage memory function.
- Anti static box.
- High airtightness.
- The container is tightly.

Model Comparison

Model	Volume	Dimensions	Temperature range	Humidity range	Door opening method
TPFC-128	128L	440*380*900mm	Display range:0~95℃	Display range:1~99%RH Set range: 1~60%RH	Single door three floors
TPFC-320	320L	880*480*900mm	Display range:0~95℃	Display range:1~99%RH Set range: 1~60%RH	Three-layer double door
TPFC-420	420L	880*480*1100mm	Display range:0~95℃	Display range:1~99%RH Set range: 1~60%RH	Three-layer double door
TPFC-580	580L	880*480*1150mm	Display range:0~95℃	Display range:1~99%RH Set range: 1~60%RH	Four doors and five floors
TPFC-700	700L	620*670*1840mm	Display range:0~95℃	Display range:1~99%RH Set range: 1~60%RH	Two doors and five floors
TPFC-1380	1380L	1200*670*1840mm	Display range:0~95℃	Display range:1~99%RH Set range: 1~60%RH	Six doors and five floors
TPFC-1480	1480L	1200*715*1980mm	Display range:0~95℃	Display range:1~99%RH Set range: 1~60%RH	Six doors and five floors

Technical parameter

Humidity range	1% -60% RH	Temperature display accuracy	± 1℃	Rated voltage	220V
Display Accuracy	± 3%RH	Humidity display range	1%~99%RH	Temperature display range	0℃ ~95℃
Rated frequency	50Hz~60Hz				
Display method	LED display, temperature and humidity can be switched to display, 3 LED lights show the working status, 9 LED lights intuitively reflect the humidity setting high and low status.
